

How to submit an abstract in ConfTool

Text & Foto ©ConfTool: <https://www.conftool.net/en/user-documentation/instructions-for-authors.html>

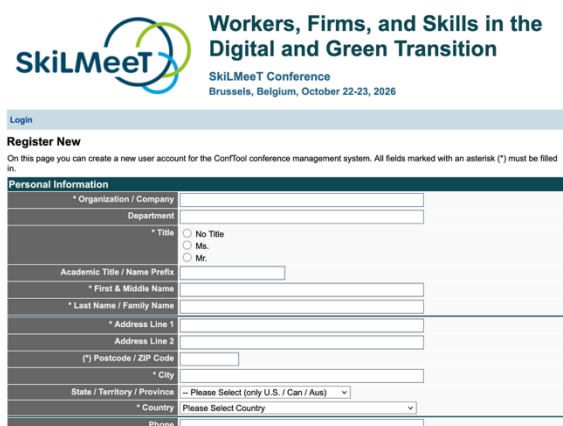

To submit a paper or abstract for the SkiLMeeT conference “**Workers, Firms, and Skills in the Digital and Green Transition**”, to be held on 22-23 October 2026 in Brussels, you need to have a ConfTool user account.

How to create a ConfTool user account

To create a user account, go to the ConfTool login page of the SkiLMeeT conference, and follow the “Register new” link under “First time here?”. The same user account will be used for participant registration.

Please provide a valid name, address, and email address since these will be used for sending you information about your submission. After you fill in the required fields of the Web form (marked by an asterisk **), a confirmation e-mail will be sent to you with your account details.

Submit a New Contribution

Go to "Your Submissions" and select the type of contribution you want to submit.

Please follow the general and format-specific submission guidelines and enter all required details for your contribution (marked by an asterisk) and proceed. You can update your submission until the deadline.

A paper number will be assigned to your submission. Please use this number for future reference.

Register for Conference Participation

For each accepted presentation, at least one presenting author has to register for conference participation to be included in the conference program. You can register through the ConfTool upon acceptance of your paper for the conference.

If you experience problems when creating a user account, registering for the conference or social activities or when submitting an abstract, please contact the conference organisers by e-mail (info@skilmeet.com) and include all required data.
